Discussion was started with submission of pending AQAR 2019-20 related agenda.

Conveners had submitted their progress report about collection of relevant data following UG <sup>given</sup> profarma for AQAR 2019-20 and supporting documents.

The problems faced by many conveners for seven criteria of AQAR were mostly unavailability of students (in their final Sem in 2020) to collect/verify data.

The members present were unanimously decided to collect data ~~then~~ in online mode for preparation of the pending AQAR.
