12	Give your (max. three) observations / suggestions to improve the semester-based learning	1.As a computer science student study should be more practical oriented. 2. The CBCS marksheet should be modified by adding marks which will give transparency to analyse the performance more efficiently. 3.Students are facing difficulties to access due to network issues. College is the best place to learn more effectively. 4. Examination should be conducted on time so that there is					

		<p>enough between the semester examinations to complete the syllabus.</p> <ol style="list-style-type: none"> 5. Facilitate in group discussions. 6. Syllabus to be reduced. 7. More seminar oriented books in library. 8. More books in seminar library based on CBCS. 9. Reading facility in seminar library. 10. Class tests can be conducted as per syllabus covered. 11. Quality of teaching is good. 12. Teachers are very helpful and very active. 13. Students are helped to determine the focus of their lives. 14. Students are proud of reading in this college 15. Classes must be held regularly for improvement of study. 16. Monthly class tests must be arranged. 17. More books must be made available in the library. 18. Teachers should encourage the students to read the texts on their own. 19. Classes should be increased to cover the syllabus. 20. Real world application of the course material must be encouraged. 21. Focus should be given upon establishing meaningful teacher-students interactions. 22. Course expectations should be made clear and must be based on learning outcome. 23. If possible there should be weekly tests and group discussions. As the country is heading towards privatization and there is lack of job opportunity, College can arrange skill based courses which would be beneficial for the future of the students. 24. The system of studying through semester based system is very good. Teachers are very active and helpful to make the students aware of the significance of semester based learning. 25. Teaching staff inadequate. 26. Room shortage. 27. More smart class room needed. 28. Reduction of the volume of the syllabus, Strict maintenance of 6 months duration per semester, incorporation of some topics relevant to higher studies, inclusion of more practical based contents, making provision for at least 3 excursions, quick restoration of offline mode of classes etc are the overall suggestions from the students in 2021 for improvement of the syllabus and its transaction.
