No Suggestion

1. Syllabus is at par with the syllabus of the competitive exams. No other suggestions.

The syllabus is very nice.  
Some changes needed in its organization.

Syllabus should be organized in that way so that students can connect those while studying.  
With the learning of specific topics, the applications of those should get equal priority.

It's about great

More Specific important topic would be add  
Unnecessary topic would be remove  
Practical part add more

Faculties are excellent. The process of syllabus completion is great. Overall the department is very classy.

Observations

New thoughtful topics must be included

Syllabus is good enough

The syllabus is good enough.. No need to change the pattern.

(1) Syllabus should be made more advanced. (2) Current topics should be included and proper coaching should be given. (3) New topics should be added which would have similarity with the competitive exam syllabus.

Syllabus is sufficient and enough for a Student.

No

- 1.Syllabus should be more usefull in job.
- 2.Spoken english course and basic computer skill must be included.
